

September 14, 1983, p. 1

"For we brought nothing into this world and it is certain we can take nothing out." I Timothy 6: 7

Mrs. Anthony A. Delfino, 158 Terrace Street (2P2-0341) became a member of the CHS+M today when I returned to her in her home the items that she had on display in the "Made in Carbondale" exhibition. He also gave the Society today an elaborate aed coat hanger, a G.A.R. Cemetery marker, some aed light bulbs and a Carbondale cookbook. Very nice lady.

I was seated at my desk at the NEWS when Hayden Powell, Washington Street, came into the office and looked at me and said: "Hello, Robert." I had no idea who he was until after he had left.

I mentioned to Mrs. Delfino that the CHS+M needed some display cases and she said that there were a couple in an aed store that used to be run by members of her family. He will investigate and get back in touch with me. The store was right across the street from her house on 158 Terrace (the store was on 9th or 10th avenue -- whatever the cross street is called -- and not on Terrace).

Tomorrow I will submit an application to be a substitute teacher in the CHS.

Frustrating day so far: I was supposed to ride to Scranton with Donnie today after the Chamber of Commerce meeting. I waited for him for 2 hours and then he decided that he wasn't going to Scranton. He has a very annoying habit of changing his mind at the last minute.

I have to attend a CommPac meeting at the BBC tonight at 8 PM and am not looking forward to that at all. On Sunday during the 11 PM service at the BBC I will have to make a public statement on the CommPac program. Just things that we find ourselves doing. I feel like I am being raped by the BBC.
